

REMARKS

Claim changes of the Preliminary Amendment of April 27, 2004, are repeated, because the Substitute Specification required by the Notice of May 4, 2004, may otherwise appear to have deleted them.

Claim 1 is re-phrased from reference to one of plural cranks to the first of two. Since the first crank is not distinguished from the second, Festo inducing narrowing is not seen.

Respectfully submitted,

William R. Evans
